---

Full Stack Developer

With 5+ years of experience, I build high-impact, user-focused applications, specializing in JavaScript, TypeScript, Vue.js, Laravel, and Node.js.

Professional Experience

Leyeco V Electric Cooperative, Inc   **Sep 2023 - Sep 2025**
Software Developer
Ormoc City, Philippines

- Served as a solo developer on a ₱1M enterprise project for a major electric cooperative serving 11 municipalities and 1 city in Leyte.
- Built and optimized core internal systems, including Complaint & Work Order Management, Procurement, Warehousing & Inventory, and Motor Pool Trip Management.
- Delivered end-to-end development, presenting progress to key stakeholders and ensuring timely delivery.
- Technology Stack: JavaScript, TypeScript, VueJs, NuxtJs, NodeJs, NestJs, PostgreSQL, Docker, GraphQL, Playwright, Bootstrap.

Revolution of Kitten, Inc.   **Aug 2022 - Aug 2023**
Software Developer
Remote | Cebu City, Philippines

- Led the design and development of projects using Matterport technology to build immersive 3D models accessible via AR and VR.
- Contributed to a high-paced software development environment focused on robotics and AI solutions.
- Implemented end-to-end test automation.
- Technology Stack: JavaScript, TypeScript, VueJs, NodeJs, ExpressJs, AWS S3, MySQL, Docker, Cypress, Bulma Css.

MTI Advance Test Development   **Feb 2022 - Aug 2022**
Junior Web Developer
Remote | Muntinlupa City, Philippines

- Migrated a large front-end codebase from vanilla JavaScript to Vue.js.
- Partnered closely with a senior developer from India on backend services using Node.js and Express.
- Delivered UI/UX improvements and API documentation using Swagger.
- Technology Stack: JavaScript, TypeScript, VueJs, NodeJs, ExpressJs, Bootstrap, Swagger.

Freelancing Experience

CDRRMO MIS   **Jan 2021 - Feb 2022**
Full Stack Developer
Ormoc City, Philippines

- Built a system that digitized incident dispatching and reporting, boosting operational efficiency and improving the public website.
- Developed modules for incident reporting, resource management, and real-time data visualization.
- Technology Stack: JavaScript, TypeScript, VueJs, NodeJs, NestJs, PostgreSQL, Docker, Cypress, Bootstrap, Swagger.

Sales & Asset Management System   **Jun 2020 - Jan 2021**
